

Where to Send an Order

Mail it to: Impress Packaging
13097 Reflections Dr.
Holland, Michigan 49424

Order by Phone: (616) 399-3575

Order by Fax: (616) 738-1626

Order by Email: Sales@ImpressivePackaging.com

Order by Web: ImpressivePackaging.com

Customer Service Hours: Mon - Sat, 8 am - 8 pm est.

Where to Send Art Work

Mail it to: Impress Packaging
13097 Reflections Dr.
Holland, Michigan 49424

Note: Artwork cannot be sent by FAX for quality results.

Fax Proof Approvals to: (616) 738-1626

When Ordering by Phone

There are several things that will help us make sure that your phone order is accurate:

- Complete the appropriate order form before you call.
- Use your customer number if you have ordered from us before-it appears on your Impress Packaging invoices.
- If your repeat order is hot stamped or imprinted, have the job number off the invoice or case label from the previous order available, to be sure of getting an exact reprint.
- Use our product numbers for reference in your order.

When Mailing or Faxing an Order

- Use the same form and information as when ordering by phone, with repeat information if available.
- If ordering without the form, list items clearly.

When Ordering Off the Internet

- Email a request for an online order form. Or download an order form from our web site (ImpressivePackaging.com).

Determining Your Price

- This catalog is arranged for easy reference and pricing. Five column pricing makes it easy to calculate your cost. Each product number is priced at quantity ordered for that particular item. To receive 4th column pricing on items under 5000 quantity see Mix & Match discount.

Minimum Order

- The minimum order is one half case.

Mix & Match on Instock Items

- Mix & Match any size, style or season (currently in stock). Order a total of 25,000 and receive fourth column pricing. Minimum quantity for each style or size is 1,000. Orders less than 1,000 are priced at the second column price.

Order Processing and Shipping

How Quickly are Orders Filled?

- All half-case orders without imprinting shipped 3 days from order, with approved credit.
- All full-case orders without imprinting received by 5:00 pm EST are shipped the next day, with approved credit.
- Imprint and hot stamp orders ship within 10 business days of proof approval being received, with approved credit.
- Exact repeat orders are shipped within 7 business days, with currently approved credit. Large orders may take longer; your Impress Packaging representative will advise you.

Shipping Options

- Federal Express Ground is the fastest and most economical in most cases.
- Impress Packaging will specify an appropriate carrier for very large orders if more economical than Federal Express Ground.
- We do not ship C.O.D.
- All orders, plain or imprinted are shipped from one location FOB Holland, MI, with prepaid freight charges added to your invoice.
- Rush deliveries: Federal Express-Next Day, 2nd Day, 3 Day Select-can be specified, prepaid and added to invoice.

Backorder Shipping

- Federal Express ground shipping; no additional charge.
- You will be charged full freight for accelerated backorder delivery.

Order Processing and Shipping - continued

Especially when ordering large quantities, or if you desire more complex graphics, such as ingredient list. Your Impress Packaging representative will advise you, to insure maximum satisfaction with the finished product.

Free Samples

We encourage you to try before you buy!

Our boxes are designed and constructed to help sell your product, so we advise you to request a sample before ordering, to be sure of the best possible fit. We list approximate content weight in the catalog, but **you should test a box to be sure it suits your specific product application.** We will ship one (1) sample of any stock item freight free (U.S. Postal Service only) anywhere in the U.S.

Terms

Net 30 days, U.S. funds only. After 30 days past due, a service charge of 1 1/2% per month is added, and account is subject to credit hold. Returned checks incur a \$30.00 service charge. Open account status is dependent on timely payment, and future orders may be held up if past due accounts are not reconciled. Payments are applied to matching or oldest invoice.

Returns

We warrant our products against faulty workmanship and materials, and will replace any item if we have made an error.

Contact our Customer Service Department before returning merchandise if any item fails to meet your expectations-it must be returned, unused and undamaged, **within 30 days of the invoice date, with prior authorization from Impress packaging, to receive credit.** Items returned without prior authorization **may not be credited.**

If you have made an error in ordering, you may return plain boxes and accessories that are not hot stamped, imprinted or opened. You must obtain prior authorization, and will be charged for round-trip freight and a restocking fee of 10% or \$25.00, whichever is greater. Resealed shipping cases can **NOT** be returned. Check product number before opening case.

All returns must include the order number, customer number, and invoice number to insure proper credit.

Impress Packaging will not be held responsible for damages resulting from a customer error-our liability is limited to the value of our manufactured product. In order to inspect and correct, we reserve the right to request product return.

Frequently Asked Questions

Q: What is the difference between Stock and Custom packaging?

A: Think of **Stock** as "off-the-shelf" you can order it as shown in the catalog, by product number, for immediate delivery, minimum order quantity per item is 1/2 case (not all items shown are in stock). **Custom Packaging** is manufactured in a separate run on a pre-order basis. It can be either a standard Impress Packaging size/style or a non-standard construction.

Q: What is standard Impress Packaging packaging?

A: Any size or style shown in this catalog.

Q: What is a plain box?

A: This is how a product can be ordered from in stock: any Impress Packaging folded box shipped directly off the shelf without any foil stamping of imprinting.

Q: What is the difference between imprinting and foil stamping?

A: Both processes can add graphics (your logo, ingredients, etc.) to customize a folding box. Imprinting uses ink, while foil stamping uses foil-creating a metallic effect. **We offer either option for the same price!**

Q: What is "artwork"?

A: When you're having a box imprinted or foil stamped, this is typically the logo, design or wording that will appear on the box. Sometimes called "camera ready" or "black and white art", this artwork can also be prepared digitally by computer program, and submitted by the customer or prepared by Impress Packaging to your specifications.

Q: What are some advantages of the Impress Packaging folding box?

A: It's shipped flat, so it requires minimum storage space, and is easy to assemble. We offer a variety of attractive designs in a wide range of construction styles.

Q: How safe are the materials?

A: All packaging components comply with FDA standards, so use them with confidence. Impress Packaging boxes are made of FDA approved solid bleached sulfate folding board.

Q: Are 2 piece folding boxes less expensive than setup boxes?

A: Yes, and the larger the quantity, the greater the savings.

Q: What is a grease resistant box?

A: This is a box that's poly coated to stop oils from bleeding through.

Impress Packaging is proud of, and looks forward to displaying boxes manufactured for valued customers during trade shows and/or sales literature. We are sorry that, with limited space, we cannot guarantee exhibit space to all customers who request it. If you prefer not to have your packaging displayed, please indicate your wishes in writing, and we will comply. Thank you!

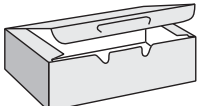

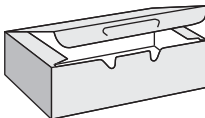

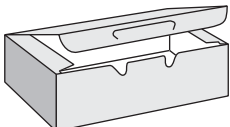

The prices in this catalog supersede previous prices. Shipped product normally varies slightly in color. **Prices, sizes, colors and other specifications subject to change without notice.**

ALL SALES ARE FINAL. Cancellations or changes are not permissible once an order has been mailed, phoned, or faxed to us.

Imprint-Hot Stamping

Imprinting & Hot Stamping Run Charges (One Side of a Box)

Note: Run charges are the same for Imprinting (Ink), Hot Stamping (Foil) or Blind Embossing

Description	Order Quantity (Number of Boxes)					
	*250 - 499	*500 - 999	1,000 - 4,999	5,000 - 9,999	10,000 - 15,000	Over 15,000
1 Color Price / Box	\$.32	\$.20	\$.11	\$.10	\$.07	Call for Pricing
2 Color Price / Box	\$.64	\$.40	\$.22	\$.20	\$.14	Call for Pricing

*Set-up Charge: \$65.00 set up charge applies only to orders under 5,000

How to use this chart: For each product you are ordering, please follow these simple steps.

1. Find box order quantity required. Quantities are identified at the top of each column.
2. Locate the appropriate run charge where the number of colors and designated quantity intersect. A run charge per box is listed under each quantity desired.
3. If more than one copy:
 - 2 copies: Multiply the rate determined in Step 2 by 2.
 - 3 copies: Multiply the rate determined in Step 2 by 3.

Continue this multiplication process for additional copies. **More than two copies subject to quote.**

Pricing Example:

What is my price for 5000 Red one piece 1 lb. boxes hot stamped in one color, gold foil, one copy (logo, ingredients, net weight)?

5000 No. BJ197R @ \$.23 per box =	\$1,150.00 Box Price
5000 @ \$.10 per piece =	500.00 Stamping run charge
	\$1,650.00 Total (plus art and plate charges, and taxes if applicable)

We offer fast service.

Impress Packaging can imprint or foil stamp your logo, ingredients, etc. in Full Case quantities, and usually can ship within 10 business days after credit and proof are approved. Exact repeat orders can usually be shipped within 7 business days of credit approval.

Do you want exact quantities?

We will imprint or foil stamp the exact number of boxes you require. "No overrun or underrun," should be specified on the order, if exact quantity is needed.

Large imprinted or stamped areas-no premium charge.

For most customer situations, including 60-70% copy area coverage, the rates in the above chart apply. However, we must use a different manufacturing process when printing an entire box surface with an overall solid color. In this case, we require a minimum order of 10,000 boxes and a longer lead time, and 10% overruns/underruns apply. For further details, see "Custom Packaging" on page 36.

Figure your imprinting/foil stamping run charges

Use the handy chart above to calculate costs of imprinting, foil stamping or embossing your order. Quantity pricing does not offer assortability, you must use the same copy on all boxes, and they must all be the same product number.

Standing plates

For your convenience, if you have plates standing at another packaging company, Impress Packaging will remake your plates at no charge. Contact your sales representative for details.

Art and plate charges

This is the charge for producing **new** or **revised** art, and the plates that apply your image to the boxes. We will give you a cost estimate before starting the process.

We keep your imprint/stamping plates on file for four (4) years after the last use. After that time, you will be charged for new plates. Changing an imprint into a foil stamp involves a different process, and you will be charged for a new plate from your imprint art on file. You will be invoiced for art and plate charges when your order ships, or within 60 days of order entry, if that happens sooner. Impress Packaging artwork on imprint orders that are cancelled will be billed. **Customer furnished artwork:** we are not responsible for errors, and customer has sole responsibility for trademark/copyright compliance in using logos, symbols or marks in imprinting artwork.

Standard Imprint Colors

Impress Packaging stocks, at no additional charge, all popular PMS colors (Pantone Matching System).

Standard Foil Stamping Colors

Foil stamping is highly recommended on solid color boxes. It yields a more striking effect and more uniform color. You must include the word "foil" on your order along with the color name, as shown below:

Foil Black	Foil Copper	Foil Lavender	Foil Red
Foil Aqua	Foil Dark Blue	Foil Light Blue	Foil Royal Blue
Foil Brown	Foil Dark Green	Foil Mauve	Foil Silver
Foil Burgundy	Foil Gold	Foil Orange	Foil Teal
Foil Cerise	Foil Green	Foil Purple	Foil White

Imprinting and Hot Stamping - continued

Limitations of Foil Stamping

Complex designs and fine details may present challenges in reproduction. Simple designs are often the most effective. If you wish to change a design from imprinting to foil stamping, Impress Packaging will advise you on suitability, and new plate cost.

Press Proofs

Impress Packaging will mail a photocopy or fax a proof of artwork and layout for your approval. We must have a signed proof before proceeding with plates and scheduling production, so **a prompt approval will expedite your order**. There is no charge for these proofs. For an imprinting or foil stamping press proof, a charge of \$75.00 per color will be added to any art and plate charges.

Tips for Order Preparation

1. Remember, a simple design will give the best results.
2. Be sure to print the copy exactly as you want it to appear on the box, using the blank side of the Order Form.
3. Impress Packaging will prepare your artwork for a nominal charge, for the best results.
4. Please mail original artwork, if you have it, to Impress Packaging, attn: Graphic Services - we will evaluate it before you order. Pack it with care; **artwork must not be folded, stapled or bent**.
5. Photocopies or faxed artwork are not acceptable for reproduction. We require CLEAN black and white art, or computer created digital art.
6. Illustrations in your artwork must consist of clean black line drawings-we cannot use shading, halftone screens/tints, pencil sketches, art on colored backgrounds or foil labels for reproduction. Broken letters or lines will give poor results.

Turn our stock packaging into your custom look. High quality at value pricing.

How to Qualify for a Quantity Discount...

Customers who order 20,000 or more of one stock product number, to be shipped at one time, qualify for an additional discount that reflects a price lower than the Impress Packaging list price. The order may be a custom manufactured item, following conditions described on this page. The minimum quantity is 20,000 of one product number, to credit approved customers.

Custom Packaging

What is Custom Packaging?

When our customers need a box construction or graphic treatment not included in our stock selection, we are able to fulfill highly specialized requests in special production runs using up to six printed colors, and boards up to 36 pt. thick. **Folding boxes will be designed, manufactured and printed according to your exact specifications!**

Guidelines for Ordering Custom Packaging

Determine the size box you need.

First, you need to consider the size and construction of a suitable box for your product. Impress Packaging offers many standard sizes, shown in this catalog, that may help you plan—samples are readily available.

Determine whether a standard size/style will work.

If you find that none of the standard boxes will work for you, our Structural Design department can create exactly the size and style you need. Note that additional time is required for this service. You save money if you use similar-sized Impress Packaging standard styles and sizes, and pricing is available by phone.

Minimum order quantities

5,000 per copy for both standard and non-standard constructions. 10% overrun/underrun applies. Cost savings are associated with standard construction.

Available ink colors

We can reproduce standard and special PMS colors suitable to your custom design. We use a standard aqueous gloss coating as a final finish to protect your printed graphic design. Many different coatings are available.

Artwork

You may submit camera-ready artwork or have the Graphic Services department produce custom art at a nominal charge.

Standard turnaround time

For boxes without imprinting, 4 weeks—from receipt of credit-approved order, if a proof is approved no less than 2 weeks before the promised shipping date. For boxes with imprinting or foil stamping, allow 6 weeks, with proof approval no less than 4 weeks before the promised shipping date.

Prep charges

Any required proofs or plates will be billed at cost. Credit approval required before any preparatory work, including artwork, can be started.

Preparing a Custom Packaging Order

You must use a company purchase order or written confirmation on company letterhead, separate from the standard order form, when entering a custom packaging order. This procedure is also required when placing stock orders for quantities over 20,000 pieces. Custom packaging orders cannot be assorted with Impress Packaging stock items for quantity pricing.

Impress Packaging is proud of, and looks forward to displaying boxes manufactured for our valued customers during trade shows and/or sales literature. We are sorry that, with limited space, we cannot guarantee exhibit space to all customers who request it. If you prefer not to have your packaging displayed, please indicate your wishes in writing, and we will comply. Thank you!

Please contact Bob Johnson at Impress Packaging concerning all your custom packaging needs.
